Report a Non-Emergency

You should call the non-emergency number at 651-767-0640 if:

- A crime has occurred but there has been some delay in reporting it.
- You need to report loud construction noise, parties, barking dogs or other similar annoyances.
- You need to report parking complaints.
- You need a report for insurance purposes or for a replacement cell phone, credit card, identification card or other lost or stolen item.
- You need to check if your car has been towed or repossessed.
- You have general animal concerns.
- It is after hours or you are unsure who to call for road maintenance and utility problems.
- You are unsure who to call and the situation is not a police, fire or medical emergency.

The non-emergency number is answered 24 hours a day by the same staff who handle 911 calls. Response is based on the situation, not the number you call.
Think Before You Click: This email originated outside our organization.

Mayor Carter,

Just saw your speech and wanted to tell you how appropriate and helpful your words were. Our hearts and prayers go out to all the people of Minnesota and around the country as we hopefully come back together and focus on peaceful protest and speaking out for justice for George and so many other black men who have been failed by our society in this way.

I am an American living in Vancouver, Canada and my heart is broken for what’s happened and happening in my country (America).

We need more mayors like you Mayor Carter. Stay safe and know we are for praying peace and justice to come soon.

Regards,
Mark Goldberg
Mayor Carter has issued Executive Order 2020-11 establishing a night-time curfew effective at 8 p.m. tonight, Saturday, May 30.

The curfew is imposed in all Saint Paul public places from 8 p.m. and 6 a.m. from May 29-31. During curfew, no travel is allowed in any public street or place.

Exemptions include all law enforcement, fire and medical personnel, and members of the news media, as well as other personnel authorized by the City of Saint Paul, Minnesota Department of Public Safety, Minnesota State Patrol, or Minnesota National Guard. Other exemptions include individuals traveling directly to and from work, seeking emergency care, fleeing danger, or experiencing homelessness.
include individuals traveling directly to and from work, seeking emergency care, fleeing danger, or experiencing homelessness.

Violators of this Executive Order will be charged with a misdemeanor, punishable by a fine not to exceed $1,000 or imprisonment for not more than 90 days.

Learn more about the order [here](#).

**Highway Closures**

The Minnesota Department of Transportation has announced the following HIGHWAY CLOSURES in effect beginning at 7 p.m. tonight:

- I-35W north/south between I-694 & Hwy 62
- I-35E north/south between Hwy 36 & Hwy 62
- I-94 east/west between I-694 & the I-694/I-494 interchange
- I-394 east between Hwy 100 & I-94
- Hwy 55 north/south between Hwy 62 & I-94
CLOSED at 7 p.m. Saturday, May 30, through 6 a.m.
Sunday, May 31:
- I-35W northbound and southbound between I-94 and Hwy 62
- I-35E northbound and southbound between Hwy 36 and Hwy 62
- I-94 eastbound and westbound between I-94 and the I-694/494 interchange
- I-394 eastbound between Hwy 100 and I-94
- Hwy 55 northbound and southbound between Hwy 62 and I-94

Other Impacts
- Metro Transit will suspend all bus and light rail service through the weekend. This suspension includes all Metro Transit bus, light rail, and Northstar service with one exception. An update regarding the return to service will be posted on MetroTransit.org and sent via Rider Alert by 8 p.m. on Sunday, May 31. Metro Mobility is continuing to operate where it is safe to do so throughout the service area. If you have questions, contact the Metro Mobility Service Center at 651-602-1111 or metromobility@metro.state.mn.us.
- Access to food continues to be a major concern for families during this emergency situation. Many free meal and food assistance programs are available in Ramsey County. Use the County’s interactive map to find programs near you, including food shelves, community gardens, farmers markets, grocery stores and delivery services.
- The downtown Skyway System is closed through 6 a.m. on June 1, 2020. Learn more.

Subject: Yesterday's Insurance Tips as PDF link for easy sharing

Think Before You Click: This email originated outside our organization.

Dear Mayor Carter,

The Commerce Department created yesterday's insurance tips documents as PDF links for easier sharing in your email lists or newsletters.

One link is for business owners and the other link is for residential property owners and renters. The links contain information on making and filing insurance claims on damaged property. Commerce is committed to providing information for people in your community, so they can access relief as quickly as possible and avoid scammers who may attempt to take advantage of the situation.

The Department of Commerce's Consumer Services Center (CSC) helps consumers with questions, concerns, or complaints involving insurance claims. The CSC can help consumers understand their rights, work with their insurer to settle a claim, and help Minnesotans make informed insurance decisions.

The CSC can be reached by phone at (651) 539-1600 or by email at consumer.protection@state.mn.us

Sincerely,

Sergio L. Valle-Rodríguez, MPA
Legislative Assistant

Dear Local Elected Officials,

This email may go upon death ears, but I have to tell you all how disappointed Americans are without a platform. I listen to Governor Walz press conference this morning (9am, 5/30/2020) and I was completely and utterly discussed! I listen to you cowardly praise and thank the man (Your President) that totally disrespected the entire State of Minnesota and all of our elected officials. You continually spoke about agitators yet THANKED the biggest agitator and wonder why we have no trust in any of you to do what is right!!!

Multiple cities across the United States are burning because of what YOUR officers did and no accountability! Do not detour from the issue at hand. You would rather call for additional national guards and ask for additional military forces rather than call your District Attorney and demand for the arrest of ALL of YOUR officers involved in the Death of George Floyd. You can stand at a protest while black and be arrested for no reason at all (CNN Reporter Omar Jimenez), yet you can kill a Black Man on Live and not be arrested? More evidence is needed...Yet you needed no evidence nor a reason to arrest a Black Man standing on the street. Can you explain this? I don’t want nor do we care about your apology, we want to know why? Next time you have a press conference please address this!

Lastly, Please Please tell your DA to stop patting himself on the back for convicting a Black Somali Muslim Officer for shooting a white woman in the dark when he has allowed MULTIPLE white officers off for killing unarmed black men in broad daylight.

Sincerely,

Frustrated & Discussed

Markeysha Peterson,

Minnesota born and raised
Mayor,

Here's some business assistance that PED will be offering.

C

Hi Toni, Jon and Noel -

Thank you for your work to provide support to businesses.

Here are a few ways that PED can help:

- Guidance on insurance claims. We're working with the Saint Paul Chamber to get the word out to businesses and other business organizations, and PED staff will be ready to provide phone guidance to businesses first thing on Monday. Businesses can call the Business Resource Center line at 651-266-6600. The BRC is a partnership between PED and DSI; the phone number is answered by DSI's call center. We'll have a script for staff ready and ED staff will be available.

- Jon and Noel, I understand that you are coordinating efforts to fortify business facilities. Let me know if you'd like any help from PED in getting word out through our business organization and community development partners - both for calls to action and assistance available. Both DSI and PED use Restoration Professionals for boarding services. Their number is 651-379-1990. The typical cost to board a 4x8 opening is around $30-40.

- PED staff could also pull together a map and assets of all the sites where we know there's been damage, and develop a system for assigning and recording staff outreach to the individual site owners, and documenting damage, potential needs, and efforts at resolution. We can coordinate this with OTC's GIS team. It's possible that OTC has already been tapped for this work; copying Director Kennedy Vickers for coordination.

- Funding:
- PED is working with DSI on a proposal for emergency assistance for businesses from the State, due Monday COB, based on info shared by ThaoMee earlier today.
- Ramsey County CARES Act allocation?
- Pool past unspent allocations of STAR dollars — only about $200k from CVZ that could be reallocated, but if CM year round STAR allocations were tapped that would increase to >$500k
- CDBG allocations — requires environmental review, Federal bidding rules, and documentation of benefit to low-mod residents and business owners, but can be part of addressing longer term recovery need
- We deployed all 2020 budgeted HRA resources to the Bridge Fund, and future HRA dollars are subject to same revenue declines as City General Fund

Yes please Toni, 4pm sounds good.
On my end I'd like us to include Joe Spencer of SPDA and Channon Lemon from my team. We can include Chad Kulas from Midway Chamber as well – but I think he's out of the net today.
Thank you so much for this insight.

Can we get on a call after 4pm today to map out a strategy? I am happy to organize. Tonight the Mayor and DM will be at the EOC preparing for tonight’s possible events. The DM has asked that we put our heads together and come up with a plan to address our business community needs.

Let me know if you are interested. I am happy to set up the call.

Thanks so much!

Subject: RE: Panelist for Chamber Conversation with the Mayor
I’ve been talking with businesses all morning... here’s the big question they want to have addressed first if possible:

The rioters are targeting businesses. We have utilities out, and companies can’t send employees out for repairs because they aren’t safe (can they get police escorts to restore service...?).

We are looking for guidance as we move forward to Sunday and into Monday: Do we have the proper safety protocols moving forward, with National Guard, the right amount of assets in place, to retain control and ensure the safety of our customers and employees and residents?

Thanks in advance -

I’ve been collecting questions, so Mayor is prepared during Q&A.

Questions:

1. Do we have the right security in place to stop the insanity?
   a. How is the National Guard being deployed in Saint Paul?
   b. Latest news: up to 2700 National Guard, potential of engaging the full 13,000 force in MN.

2. How do we prepare for tonight?

3. How can we support?
   - Stay at home after 8pm.

4. The rioters are targeting businesses. We have utilities out, and companies can’t send employees out for repairs because they aren’t safe (can they get police escorts to restore service...?).

   We are looking for guidance as we move forward to Sunday and into Monday: Do we have the proper safety protocols moving forward, with National Guard, the right amount of assets in place, to retain control and ensure the safety of our customers and employees and residents?

5. Will the City make a request to the legislature in special session for a recovery package?

Please find attached an editorial which I have sent to publication outlets in Minnesota and nationally. I appreciate the gravity of the situation in our communities right now, and I would like to bring this editorial to the attention of St. Paul city officials.

I am an Associate Professor of Sociology at Texas A&M University, and I am also a graduate of St. Paul Central High School, the University of Minnesota, and the University of Minnesota Law School. I wrote this editorial because I believe that there is a lack of conversation about ways to meaningfully care for our communities in the wake of the murder of George Floyd that reject escalating police and military action. I am also planning to send this to city and state officials.

If you have questions or concerns, please do not hesitate to contact me, my cell phone number is 651-485-1190. Thank you for your consideration.

best,
wendy leo moore

Mayor Carter and Deputy Mayor Tincher ask for your help in showing solidarity with our local residents and business owners by supporting clean-up and fortification efforts in areas impacted by ongoing property destruction. We will meet at E & J Dry Cleaners at 642 Selby Ave at 2 PM today to pick up equipment and head out in teams to impacted areas based on property damage that has taken place over night. As part of this effort, we will greet and engage with business owners,
residents, and property owners to get a sense of how they've been impacted by the events of the last few days and inquire about how the City can best support their recovery.

Equipment to be provided:
- Gloves
- Garbage bags
- Shovels
- Buckets
- Safety goggles
- Brooms/Push Brooms
- Limited amounts building materials

Please bring the following equipment:
- Cloth mask
- Power tools – like drills and saws
- Personal gloves if preferred
- Personal size hand sanitizer
- Water

Date: Saturday, May 30

Time: 2:00 PM meet up, 2:30 PM at Clean Up Location

Meet Up Location: E & J Dry Cleaners at 642 Selby Ave

Clean up locations assigned at meet up location.

Point of Contact is Jon Grebner at (651) 440-8669 or Noel Nix at (612) 709-0787.
Good afternoon,

Mayor Carter has asked for another business briefing/update. We also are talking about clean-up plans and help with insurance claim info.

We have room on the Zoom webinar for up to 500 people so please share this broadly.

Thanks,

Joe

Dear Mayor Carter,

Thank you for your strong leadership and words during this stressful time. I heard you again on MPR this morning. Thank you. Please let me know if there is anything we at the Science Museum can do to provide help and support in any way.

Our physical building and property are fine, and the Science Museum's head of security, Richard Walker, is in close communication with Chief Axtell. We've provided a listing of mental health resources listed in a Star Tribune article for all of our staff, many of whom live in St. Paul and the surrounding areas.

It's been a hard week as tensions continue to mount in the Twin Cities and across the nation. I cannot imagine the pressures you must be under. We grieve the killing of George Floyd and the damage to our community.

Once again, thank you for your leadership during this time, and let me know if we can help in any way.

With great care,

Alison

Alison Rempel Brown

President and CEO

Science Museum of Minnesota

Importance: High

Think Before You Click: This email originated outside our organization.

Morning Mayors Lance-Bottoms, Frey, & Carter,

First, let me say that you all have done a stellar job and continue to amaze me how you are representing your city as mayors. Your leadership is a representation of excellence and I know one day, I hope to see you in Congress or at the Senate level, maybe Presidential leading this country because you have what it take to maintain change.

Riots - Our young people are mad/hurt, and tired/exhausted of what they continue to see of young black/brown people being killed by the hands of some white people and police - we are tired. I am no organizer, but I know next steps are definitely in your hands, it might mean that you all take the Mic and lead with a peace rally; mobilize with community activist and civil right leaders to talk to these young people and let them know how you plan to change the status quo. It's time that mayors, governors, etc. of your city/state stand together, speak together, and demand a change of laws, policies, and practices among the policing of the USA.

Please mobilize yourselves and others to be the Change that these young people and I are requesting. Instead of them facing off with the police and national guard, you all and others need to be the voice of reason to calm this nation.

Mayor Carter, your speech this morning @ 9:30 am is WHAT these young people need to hear as they re-start this evening. I encourage you ALL to be the Face of Change and get out there in the Community to speak directly to them.

Minneapolis/St. Paul was my home for 32 years -- it's home and breaks my heart to see this happening in our communities, but I know "Sota" is a tough place to live for people of color - the undertone racism is definitely prevalent, which has now surface to the light. Atlanta (home of civil rights movement) is everyone's home and I love to visit, collaborate, and engage in the culture.

I hope you had the chance to also listen to CNN this morning with "New Day Weekend w/ Victor Blackwell and Christi Paul and listed to James Gagliano, Law Enforcement Analyst, retired FBI Supervisory, who provided some solutions and next steps for law enforcement. This is a major conversation that we need to have in ALL police departments. Now, I do not know how this starts, but this is what THOSE young people were, and are, fighting for --in that request of change.
You three are the Faces of Change -- you are the Martin, Malcolm, and Evers of the 1968 -- but it is now, Mayors Lance-Bottoms, Frey, & Carter-2020. I see you all on CNN, but we need you now on the Streets (safely) with these young people to calm them down. It is now the time to put Government/Public Health officials in vehicles to talk to the people on the street. SAVE the children -- putting law enforcement ONLY in place in going to be a major disaster.

We all need to implement the Obama's philosophy of grassroots community leadership to address the people and lead change.

Thank you for your time and efforts to make a change.

God bless,

Dr. Pat Y.B. Talbert

Think Before You Click: This email originated outside our organization.

This has been a heartbreaking week. The pain caused by the murder of George Floyd continues to ripple across the Twin Cities and the nation. At Target, we have been, and remain, focused on our team members' safety and helping our community heal. I wanted to personally let you know that, this evening, Target CEO Brian Cornell announced in a letter to team members, guests and the community, several measures to support the Minneapolis/St. Paul community. These measures include:

- Providing immediate first aid, food and basic essentials to the community
- Support for team members at closed stores
- Committing to rebuilding and reopening the Lake Street Target store, as well as any other impacted Target stores
- Engagement with community leaders to support local families as the community heals

There will be much more to follow as we listen and learn from leaders like you what the community needs and what role Target can play. I will continue to keep you informed as things evolve. Don’t hesitate to reach out if you have questions or ideas to share.

Please take care and stay safe,

Laysha
Yes, this is exactly what I’m asking us to do. Did this/something go out? What’s our plan at this point?

Subject: Invitation: Mayor’s Leadership Team Community Clean-Up

Jaime, here’s an email to send out to directors for clean-up. If clean up need is minimal, we can punt to Sunday. -NN & JG

Mayor Carter and Deputy Mayor Tincher ask for your help in showing solidarity with our local residents and business owners by supporting clean-up efforts in areas impacted by ongoing property destruction. We will meet at Hamline Park (or an alternative location to be announced) at 9:30am to pick up equipment and head out in teams to impacted areas based on property damage that has taken place over night. As part of this effort, we will greet and engage with business owners, residents, and property owners to get a sense of how they’ve been impacted by the events of the last few days and inquire about how the City can best support their recovery.

If clean-up needs on Saturday morning are minimal, we will postpone to Sunday morning as circumstances dictate.

Equipment to be provided:
- Gloves
- Garbage bags
- Shovels
- Buckets
- Safety googles
- Brooms/Push Brooms
Please bring the following equipment:

- Cloth mask
- Personal gloves if preferred
- Personal size hand sanitizer
- Water
- Any preferred personal tools

Date: Saturday, May 30 and/or Sunday, May 31 as circumstances dictate.

Time: 9:30 AM meet up, 10 AM at Clean Up Location

Meet Up Location: Hamline Park, 1564 Lafond Ave, 55104

Clean up locations assigned at meet up, determined by EOC and based on most pressing need.

Good Day Mayor Carter,

My name is Donna Gordon, owner of 360 Studio, a Virtual Tourism photography and production company. The information enclosed is in regards to preparing MinnesotaCommunities for Virtual Development this summer.

Once you and your team have a chance to take a look through the information, I look forward to discussing Virtual St. Paul, with you.

Please take good care.

Donna Gordon
360 Studio
360studiocan@gmail.com

360 Studio is a Virtual Tourism photography and production company.

We are excited to develop Virtual America this summer, one community at a time, each with its own style and flavor. This massive initiative is still on track through COVID19, with the additional support of our publisher RTV Inc. of Traverse City, Michigan. Providing access to their 2200+ local photographers, allows us to extend this incredible "#ResolvetoReturn Restart Package" to all communities, their businesses and non-profit services across America, while minimizing geographic movement.

Each Virtual Community provides a completely controlled environment that is designed to show only the very best of what your community has to offer. With no reviews or visitor images, your community has full control of their brand image. Our platform provides the opportunity to include all kinds of media. Through beautiful still images, panoramic images, video, drone footage and full VR experiences, the unique essence and culture of your area is captured and
presented. The platform also provide the opportunity to connect all social properties to the community, allowing visitors to become customers and neighbors.

This summer is the very best time to photograph the beautiful locations of Minnesota, while restrictions are carefully being managed, public spaces are unobstructed and bathed in the gorgeous light of summer.

The quicker we begin, the faster we will have the opportunity to share the best of your community with all Americans. Together we will pave the way for a stronger economy. The infrastructure of Virtual America will be able to continue evolve as each community does, into the future.

Virtual Minnesotawill allow local and future visitors to see all that your area has to offer, while planning their next trip, when it is safe again to do so.

#ResolvetoReturn Restart Package

When COVID-19 arrived, 360 Studio sprang into action, wanting to help. We rallied our colleagues, the experts in online location building, managing and amplifying. We’ve all dug deep to offer American Communities the support they need, to emerge from the effects of COVID-19, stronger and better equipped than ever!

360 Studio’s #ResolvetoReturn Initiative was born, and our #ResolvetoReturn Restart Package established, at an 80% discount from regular cost.

Expanding 360 Studio services from virtual photography, design and production to now include emergency; branded web page and social platform creation, as well as an important online location management plan. Our Restart Package offers all of these services and more at an 80% discount. The regular value of each package is over $1,300.00 and we are doing much more for much less, by providing everything included at only $260.00 per location.

All that is required is a strong #ResolvetoReturn.

We are extending this incredible package to all the Local Government and Public spaces in your community as well. A great way to highlight specific attention on local treasures.

We need local Government to support the creation of your Virtual St. Paul, . You can do this by confirming and funding the framework, including all local government buildings and public spaces, parks, sports locations etc. With your confirmation we will get started right away.
This project will provide assurance for all living in America that the government is acting to build and strengthen the durability of its tourism based economy.

Generating new income streams and community building channels, while focusing our minds on moving forward and not being consumed with our current isolation, will help us work toward healthy American minds and a prosperous economy.

This opportunity will never be available again, as it is specifically designed to support the gradual reopening efforts of America’s economy, in a safe and fruitful way, leading to a stronger more independent Virtual America.

This project is designed to lay the ground work to prepare America for the Virtual Revolution! With our group of experts and your support, every location in America will be able to...

Think Before You Click: This email originated outside our organization.

Dear Mayor Carter,

I’m emailing, simply to express my support, thoughts, and prayers for you, your staff, and the people of the Twin Cities. Although I lived in Oakdale for a brief period as a young person in the late 1970s, I still consider the Twin Cities as my hometown. Even after moving to northern Iowa, I enjoyed returning often for class trips, Twins games, and the state fair. My heart breaks for George Floyd and his family, and for the community of the Twin Cities and its suburbs. I wish I could help in some manner, but please know that a former resident sends his love to your beautiful city during this difficult time.

Best wishes always,
Jeff Hansen

Subject: Minnesota Department of Commerce advice on residential and business insurance following damage
Dear Mayor Carter,

As we work through the tragic events of the last few days, the Minnesota Department of Commerce stands ready to assist business owners, property owners and renters in your community that experienced property damage or loss.

Attached please find two documents, one for business owners and one for residential property owners and renters, that contain information on making and filing insurance claims on damaged property. Commerce is committed to providing information for people in your community, so they can access relief as quickly as possible and avoid scammers who may attempt to take advantage of the situation. Please share these with your email lists or newsletters as needed.

The Department of Commerce's Consumer Services Center (CSC) helps consumers with questions, concerns, or complaints involving insurance claims. The CSC can help consumers understand their rights, work with their insurer to settle a claim, and help Minnesotans make informed insurance decisions.

The CSC can be reached by phone at (651) 539-1600 or by email at consumer.protection@state.mn.us

Dear Mayor Carter and Chief Axtell:

I am writing to let you know what I have heard and seen of the impact of the riot on small businesses in the Little Mekong section of University Avenue.

Today, I walked University Avenue and talked to as many businesses as I could. I could tell most of them understand the anger at the killing of George Lloyd and support justice for him and for communities affected by his killing. But I could also see in their eyes that they are asking why this happened to them.

As far as I could tell, about two dozen businesses in Little Mekong (from Dale to Marion) were vandalized, damaged, and looted. There could be more that I could not verified. Looters tried to set fire to at least two businesses. One store was completely trashed and had everything looted. Another shop's safe deposit box with cash was dragged away. Some owners stood outside all night protecting their businesses as looters ran amok around them. They are still there watching and waiting for the nightmare to be over.

I hope that you are doing everything in your power to prevent the events of last night from happening again to St. Paul's businesses. I also hope that you will create a fund to support businesses harmed by the riots. Some of them have lost everything.

Sincerely,

Mr. Va-Megn Thoj

NIGHT-TIME CURFEW IS IN EFFECT MAY 29-31
BETWEEN THE HOURS OF 8 P.M. AND 6 A.M.

A curfew is imposed in all public places within the City of Saint Paul effective May 29-31 between the hours of 8 p.m. and 6 a.m.

During curfew, no travel is allowed in any public street or place.

Exemptions include all law enforcement, fire and medical personnel, members of the news media, and other personnel authorized by the City of Saint Paul, Minnesota Department of Public Safety, Minnesota State Patrol, or Minnesota National Guard.

Other exemptions include individuals traveling directly to and from work, seeking emergency care, fleeing danger, or experiencing homelessness.

Mayor Carter has issued Executive Order 2020-11 establishing a night-time curfew effective at 8 p.m. tonight, Friday, May 29.

The curfew is imposed in all Saint Paul public places from 8 p.m. and 6 a.m. from May 29-31. During curfew, no travel is allowed in any public street or place.

Exemptions include all law enforcement, fire and medical personnel, and members of the news media, as well as other personnel authorized by the City of Saint Paul, Minnesota Department of Public Safety, Minnesota State Patrol, or Minnesota National Guard. Other exemptions
include individuals traveling directly to and from work, seeking emergency care, fleeing danger, or experiencing homelessness.

Violators of this Executive Order will be charged with a misdemeanor, punishable by a fine not to exceed $1,000 or imprisonment for not more than 90 days.

Learn more about the order here.

Mayor Carter, DM Tincher, Susan and John –

Included you will find links for your review and approval the criteria and definitions for prioritizing city services and the Excel spreadsheet for department leadership teams to prioritize their services for 2020 budget adjustments and 2021 budgeting process. There are currently 9 criteria covering the City values and pillars and our COVID response and recovery priorities. Our questions for your response in preparation for the currently scheduled budgeting workshop on Monday are:

1. Are these the correct criteria and definitions to use for the 2021 budgeting process? (Please feel free to edit the documents)
   a. Note: The definitions for the values and pillars were pulled from a scan of press releases and speeches made by the Mayor.
2. Do the criteria need to be weighted: Are some criteria more important than others? If so, which criteria are more important for 2021?

The Innovation Team is committed to providing a workshop for Department Directors to outline the criteria and how to use the prioritization tool. Currently, this is scheduled for Monday; we kindly request a response prior to Monday’s workshop if the criteria and definitions are not what you would like to use. After the workshop, Department Directors will work with their leadership teams to identify their services and how they rate against the criteria to assist in budgeting conversations for 2021.

Matt and I are happy to answer any questions you may have.

Thank you,

Rachel Walsh

Mayor Carter,

I know that you are as saddened like I am about the recent events. To watch George Floyd lose his life the way he did makes me grieve and angry. What can you do to help right this wrong and implement long term solutions? There has to be a better way to respond than riots in the streets. Know as a business leader in St. Paul, I support whatever actions you can take in this regard and want to be a part of the solution.

Team Saint Paul,

We understand that COVID-19 has created an environment that has generated a lot of uncertainty and questions. We hope this information provides some answers for you.

Employee safety is the primary concern of every member of the City’s Leadership team. The City will be returning employees to the workplace in phases. Not all employees will be coming back to their offices at once, nor at the same time. When employees do return, it will not be “business as usual.” The City will be operating differently and with new guidelines. Social distancing, wearing a mask, and more stringent cleaning protocols will play a significant role in our new normal environment for the foreseeable future. You may also see changes to employee spaces, public spaces and counter service in order to provide protection to all.

The City continues to monitor the CDC and the MN Department of Health for the best and most up to date information and practices.

If you are able to successfully work remotely (from home), the City is going to encourage you to work remotely for the immediate future. All City Departments are working on safe ‘Return to Work’ plans and you will be notified by your Department Director or supervisor of the plans that affect your division.

If you are coming into your workplace, as of June 1, 2020, Mayor Carter’s Emergency Executive Order will require you to wear a face mask in all City buildings, practice social distancing, and to follow any more specific protocols in place for your specific Department.
We are very concerned about employee health and safety, recognizing that your health concerns arise at home and in the workplace. Many employees have asked if they will be notified if someone in their Department tests positive for COVID-19. If you test positive for COVID-19, we ask that you notify your supervisor or your HR Liaison. You will be asked to provide the City with the names of any City employees who you have been in close contact with. “Close contact” is defined as having been within six feet of another person for more than 15 minutes at a time, within 48 hours of the onset of symptoms. We will then ask you if we can share your information (your name and diagnosis) with the persons you were in close contact with. Sharing your name with others is a voluntary decision, and there are no employment repercussions regardless of your decision. For safety reasons we need to know the names of other employees so we can inform and enable other employees to seek medical treatment for themselves.

When the City is informed that an employee has tested positive for COVID-19 we will follow the best practices from the CDC and contact the City employees that were in close contact with someone who has tested positive for COVID-19. The City will follow all medical privacy laws. If the City does not contact you, then you were not identified as having been exposed to a co-worker who tested positive. If you are contacted, please understand that the information shared with you is confidential medical information about another employee and MUST not be shared.

In addition, the City will conduct a thorough cleaning by an outside company, of all areas where the affected employee worked, including all common areas (such as break areas, lunch rooms, kitchen areas, elevators, vehicles and lobbies), before employees are allowed to re-enter those areas.

If you have questions, please contact your Department’s HR Liaison, or send an email to HRQuestions@ci.stpaul.mn.us.
Thank you,
Human Resources
Dear Hennepin County Attorney General Michael Freeman,

While we are sure that you are receiving a great deal of communication regarding the death of Mr. George Floyd, we implore you to take a few minutes to read the letter attached below from the men of Alpha Phi Alpha Fraternity, Incorporated, a group of collegiate and professional Black men committed to the betterment of our communities. As you know the aftermath of his tragedy, has resulted in widespread anger, confusion, violence, and damage in our communities. Communities we all care about and have hopes of rebuilding and improving. Because your roles are important in creating calm, community, justice and healing, we write to you to share our thoughts and ideas.

Thank you for your time,

Hi Joan,

Can you help schedule a meeting with Congresswoman McCollum and the Mayor. Please make sure to include Jaime. I'm following up with McCollum's Office for more information.

Can meeting happen today?

-ThaoMee

---

Jaime – Congresswoman McCollum would like to touch base with Mayor Carter after she returns from DC later this aft. She could talk in person or via phone.
Jaime et al,

I would like to suggest that we take the EOC staff teams and community partners to address the following needs:

- Protester safety meeting – get SPPD Community Engagement together with Tish Jones, Chauntyll and other leaders who are at ground zero – they deserve to be recognized and allowed to work safety
- Communal Grief and Healing – getting the religious community poised to hold events throughout Saint Paul and online; Danny Givens has many black ministerial colleagues who should be seen and heard from with the city
- Food Security – now our supermarkets are closed, more people than ever need food
- Business assistance – we need to direct dollars immediately to businesses to repair damage and get back open asap
- Clean-up opportunities for community volunteers – let us know where volunteers can move in with brooms and shovels and gloves to help clean up debris

Please use the City Council – it is impossibly hard to watch the mayor standing up alone and trying to field all these needs. Our networks are anxious for communications!

We are not using the person-power that is at the ready in this city to help immediately,

FYA - we are having trouble getting Outlook to accept that list of names from Excel. We are still working on sending the invite.

- Pete
In the need for haste, the utmost importance is that those who do join this quickly have the opportunity to hear directly from Mayor Carter. We do not need to have everyone have the ability to speak. We can tackle that after the fact as needed to give people a weigh to chime in.

Joan,

I do not have a phone license, so if I created the Teams meeting there would not be the option to dial in.

Toni – are you available this morning to create the meeting? I know since you had created the past meetings, you would have the phone license for dial-in.

If not, let me know & I’ll see if Christian & I can work something out fast.
Thank you,

- Pete

Importance: High

Good morning,

This is the group that is able to support a Teams meeting this morning. I am starting this thread so we are connected. I spoke with Pete and he was going to begin communicating with our OTC group.

Joan, are you the point of contact?

I am hearing now that we are planning to do this at 9:30 - who else do we need to help?

Cassi
Hi Mayor,

I will be on the air from 1am to 4am on WCCO Radio. Are you able to join me by phone for a few minutes?

My cell: 612.910.0826

Thank you,
Roshini
Hi Mayor and D. Mayor,

Late this afternoon, I pulled together a handful of Asian and Hmong American leaders to understand their concerns and requests of our office. Here is the summary of the 1 hour phone-call.

Purpose of the meeting: City of Saint Paul wants to hear from our partners and understand the request for a joint statement and/or event to demonstrate unity and solidarity.

Summary of Discussion:

- CAAL voiced concern about the growing panic in the Hmong community and possible creation of anti-blackness; they asked for us to act quickly to dispel misinformation spread among the Hmong community as well as demonstrating unity across racial and ethnic communities. They are a part of a 25 member Asian American collaborative and these partners are asking for CAAL to act and lead. There was a lot of discussion about social media and people's comments.
- CAAL also stated that the Minneapolis Officer in the video has been identified and he is getting death threats.
- Rep. Her agreed with CAAL - work together to demonstrate solidarity and also convey message of denouncing targeting of Asians; she's afraid of the wrong information getting distributed.
- Rep. Xiong supports decisions regarding any kind of action. He is working with Rep. Moran to organize a meeting tonight with leaders of the protest. The POCI Caucus is hosting a private event to discuss working in partnership with protesters.

Recommended Action Steps:

- It urgent to do something quickly to demonstrate solidarity among African American and Asian American community. They believe the Mayor is best person to coordinate such an action and bring leaders from both communities together - this could take the form of a joint press statement, joint press conference with appropriate social distancing, or join virtual press conference.
  - Key messages: 1) African and Asian American leaders stand united to ensure justice for George Floyd; 2) We want to show the community a new way of leading, together, to address the wedge between our communities due to recent pandemic and police incident; 3) We want to work together to create something together to heal and build unity.
- In the action, it is important to have representatives from both communities to voice the same message.
- They want ethnic and mainstream media present to ensure all communities see event.
They asked that there be a longer term commitment to build an initiative together and heal together - possibly creating a taskforce or working group to address cross-racial relations.

They want me to get back to them soon and hoped for action within 24 to 48 hours to de-escalate the growing tensions and fear of looting of small businesses.

Let me know how to respond,

ThaoMee
Mayor Carter,

Keeping you in my thoughts as you lead during these tough times. The city needs you more than ever, you’ve got this.

It was a pleasure sharing the stage yesterday.

In moments like these, I often find myself reaching back to our beloved fraternity’s teachings and this particular poem. Hope it brings you some solace.

We wear the mask that grins and lies,
It hides our cheeks and shades our eyes,—
This debt we pay to human guile;
With torn and bleeding hearts we smile
And mouth with myriad subtleties,

Why should the world be over-wise,
In counting all our tears and sighs?
Nay, let them only see us, while
   We wear the mask.

We smile, but oh great Christ, our cries
To thee from tortured souls arise.
We sing, but oh the clay is vile
Beneath our feet, and long the mile,
But let the world dream otherwise,
   We wear the mask!

First of all, servants of all, we shall transcend all.

APhi,
R. Jerry Nemorin

Please be advised there is a large police presence due to rioting and looting of businesses in the Midway area of Saint Paul. Please shelter in place - we are escalating to higher levels as how this will proceed.
Bryan Mayer - Emergency Management and Homeland Security...
Dear Mayor Carter,

I am writing to you today as an East Side resident to express my anger, sadness, and frustration of the killing of George Floyd at the hand of Minneapolis police officers. I have been thinking over the last few days of how to address this issue. To begin with I think we as a larger community need to have a serious conversation about what exactly the issue is because I don’t think enough white people recognize the issues of patriarchal white supremacy that permeates throughout all of our society. Without this fundamental agreement that this fact is a key issue in the death of George Floyd we avoid tackling this massive societal issue.

Once we, as a community can recognize that racism is build into the structures of our society we can begin to dismantle these structures to rebuild new equitable structures in their place. I do think the City Council is one place of many where we can begin these conversations. From these conversations actions must then flow because words without actions continue to ring hollow.

I understand police officers work under difficult circumstances. However they seem increasingly separate from the communities they are supposed to be protecting. I imagine it also hampers efforts of officers to work with the community to solve crimes when they are not viewed as trusted. Perhaps these conversations have already started and I am not aware of them, but I think we need a reevaluation of what the culture is like in the St. Paul police department. What kind of training do officers receive? How can we have officers become a closer part of the community? Would additional foot or bicycle patrols incorporate police officers closer to the communities they serve?

This issue is certainly not only a policing issue. In our discussions of education, housing, environmental issues, economic issues racial disparities exist. These are long term issues, I know, and I believe you have been working to address these issues. So I want to write and say thank you. Please don’t grow tired. I offer my services to help you continue to support efforts to dismantle the structures of patriarchal white supremacy that exist in all aspects of our society.

I admit I still do not have all of the solutions worked out as to how to complete such work, but I will continue to think on them and I hope work with you and the Saint Paul community to help everyone feel safe, welcome, and valued in our city.

Sincerely,

Jacob Jurss
Ph.D. History
East Side Resident
Good evening,

I wanted to share with you the communications sent earlier today by President Gabel regarding our relationship with MPD in light of the tragic death of George Floyd.

As always, please do not hesitate to reach out if you have any questions,

Erick

Office of the President

Dear students, faculty, and staff,

Our hearts are broken after watching the appalling video capturing the actions of Minneapolis Police Department (MPD) officers against George Floyd leading to his tragic death. As a community, we are outraged and grief-stricken. I do not have the words to fully express my pain and anger and I know that many in our community share those feelings, but also fear for their own safety. This will not stand.

Today I am announcing two immediate changes regarding our relationship with MPD.
First, I have directed Senior Vice President Brian Burnett to no longer contract with the Minneapolis Police Department for additional law enforcement support needed for large events, such as football games, concerts, and ceremonies.

Second, I have directed University Police Chief Matt Clark to no longer use the Minneapolis Police Department when specialized services are needed for University events, such as K-9 Explosive detection units.

We have a responsibility to uphold our values and a duty to honor them. We will limit our collaboration with the MPD to joint patrols and investigations that directly enhance the safety of our community or that allow us to investigate and apprehend those who put our students, faculty, and staff at risk.

I write to you to express our overwhelming sadness, and our demands for accountability and justice. Our campuses and facilities are a part of the communities in which they reside. University students, staff, and faculty are day-to-day participants in the life of every community in this state, and we must act when our neighbors are harmed and in pain.

My heart is heavy and my thoughts are with the loved ones and friends of George Floyd.

Let our voices be heard and please take care,

Joan Gabel

Governor Tim Walz, State of Minnesota

Dear Leaders and Elected Officials:

Since 1906, Alpha Phi Alpha Fraternity, Inc. has worked, partnered, and protested in order to advance service and advocacy for communities of color in the United States, and internationally, in the areas of youth development, community uplift, equality, social justice, and civil rights.

Since 1912, members of Alpha Phi Alpha Fraternity, Inc. have been fighting for meaningful change on college campuses and throughout many communities in Minnesota. That purposeful fight continues today through several programmatic offerings in our state such as ACT/SAT Preparatory program (a 29-year post-secondary readiness program), Project Alpha (mentorship program for young men), A Voteless People is a Hopeless People Initiative (voter registration drive in communities of color) and many more.

Today, we write to you as concerned citizens of Minnesota, deeply troubled by the recent killing of George Floyd by former Minneapolis Police Officers Derek Chauvin, Thomas Lane, Tou Thao, and J. Alexander Kueng. The articulated values of the Minneapolis Police Department are Trust, Accountability, and Professional Service. In the case of Mr. Floyd, trust has been broken. The service delivered to Mr. Floyd was anything but professional, and with the recent termination of the former officers, you have the opportunity to hold them accountable and send a clear message to our communities about the value of all lives. As the world watched the video footage and read the reactions of Minnesotans and people around the country, it is evident that this incident rises above the level of merely disturbing to the level of abhorrent. And now, with protests turning into rebellions/riots, the world is watching our streets erupt in violence, death, and destruction of property, businesses, and community.

Many respected, elected leaders in Minnesota share our sentiments:

- “Being black in America should not be a death sentence.” - Mayor Jacob Frey, City of Minneapolis.
- “The video of a Minneapolis police officer killing a defenseless, handcuffed man is one of the most vile and heartbreaking images I’ve ever seen.” - Mayor Melvin Carter, City of St. Paul.
- “We heard his repeated calls for help. We heard him say over and over again that he could not breathe. And now we have seen yet another horrifying and gut-wrenching instance of an African American man dying.” - Senator Amy Klobuchar, U.S. Senate.
- “The lack of humanity in this disturbing video is sickening. We will get answers and seek justice.” - Governor Tim Walz, State of Minnesota.

First of All, Servants of All, We Shall Transcend All!
After a review of the Minneapolis Police Department Policy and Procedural Manual, Section 5-300 (Use of Force), we question whether the hiring, training, conduct, and comprehension of said policies are being effectively implemented, monitored and followed. There is room for improvement in all of these areas, as well as relationships between the Minneapolis Police Departments and historically targeted communities in the city.

Our membership in the District of Minnesota, as well as our regional and national bodies are appreciative to those responsible for the swift decision to terminate the employment of the four officers involved in this heinous act that cut short the life of Mr. George Floyd. In addition, we support the investigations by the Federal Bureau of Investigation (FBI) and the Bureau of Criminal Apprehension (BCA). And yet, more is required.

The District of Minnesota of Alpha Phi Alpha Fraternity, Inc. expects the Minneapolis Police Department to stay true to its values, and we would like to support you in these endeavors. We know this will be a long road and yet we remain hopeful these steps are the beginning of delivering justice to Mr. Floyd’s family and indeed all the citizens of Minnesota.

Towards this, we ask:
- That all four former officers are arrested and prosecuted to the fullest extent of the law.
- For a process that is fair, transparent, and expedient.
- That energy and resources are found and dedicated to support the healing of economically disadvantaged communities and communities of color that frequently experience trauma and threats to their mental health and physical wellbeing.

Our prayers and hearts go out to the community-at-large, especially the African-American community, to the many groups and individuals that have chosen to join us in this fight for justice. The people of Minnesota are worried, wounded and weary, deserving swift and continued action to address the trauma, destruction, death and systemic oppression and injustice. Now is the time to act! Now is the time for you to act to address the concerns and experiences of our communities, particularly those on the fringes of society.

Lastly, above all, our prayers and hearts go out to the family and friends of Mr. George Floyd.

Sincerely,

The Men of Alpha Phi Alpha Fraternity, Incorporated
The District of Minnesota

CC: Lieutenant Governor Peggy Flanagan, State of Minnesota
Mayor Melvin Carter, City of St. Paul
Erica McDonald, United States Attorney for the District of Minnesota
Superintendent Drew Evans, Minnesota Board of Criminal Apprehension

First of All, Servants of All, We Shall Transcend All!
Tips for Business Owners on Filing an Insurance Claim

Immediately after the loss

In the immediate aftermath of the loss, there are basic steps you can take to get on the road to recovery. The first step is to call your insurance agent and report the loss. If you do not have an agent, then call your insurance company to report the loss.

After reporting the loss, take these steps:

- Make sure the area in which your business is located is safe and secure. Do not put yourself at risk if local authorities have not allowed public access.
- If the structure is safe to enter, shut off the electricity.
- Before you start to clean up, take pictures or video to document the extent of the damage. It is very important to document all of the damage.
- Avoid throwing anything out (with the exception of perishable food) until you meet with the insurance adjuster. They will help determine what can be discarded.
- Make temporary, inexpensive repairs to prevent further damage to your property. For example, board up broken windows or throw a tarp over a leaky roof. Otherwise, additional damage may not be covered by your policy. Keep receipts for materials you buy, so you can be reimbursed.

Filing a claim

- Contact your insurance company immediately to report the loss and follow the instructions given to you by claims personnel.
- Keep your insurance policy and claim number handy. This will help the claims process go faster.
- Take notes. Keep a log of who you spoke to and when, include a summary of the conversation and ask questions if you don’t understand the instructions.
• **Make a business inventory.** If you don’t already have a complete inventory, make a list of as many items as you can remember.

• **Wait for the company’s adjuster to arrive.** Do not call anyone to repair or replace your loss without first getting instructions from your company’s adjuster. Your insurer may need visually inspect your loss before repairs can be made. Do not throw away damaged property until your company’s adjuster tells you it is okay to do so. Make only temporary repairs to prevent further damage until a claims adjuster arrives for the inspection.

• **Get organized.** Get a complete copy of your insurance policy or contract and find your previous business tax filings. Many commercial business filings have income loss protections and your filing may help you to identify lost property. Collect any records that can prove the value of damaged equipment. If you have business interruption insurance, you will need to prove income to determine the amount of business lost.

• **Keep a log of expenses** incurred and contacts made with the insurance company.

**Working with the insurance company adjuster**

A company adjuster will inspect your property or business to assess the initial damage. Be sure to ask the adjuster for:

• A business card or identification
• Information about what you are required to do next
• Information about what the company will be doing next
• Instructions on getting estimates for repairs. Clarify if you are responsible or if the company will be doing that on your behalf
• Time estimate of how long the adjuster expects the claim settlement process to last

**Working with a public adjuster**

One option is to pay a public adjuster for assistance documenting losses. Public adjusters can represent you in negotiations with your insurance company’s adjuster and typically are paid a percentage of the final insurance settlement. You are not required to work with a public adjuster.

**Before you hire an adjuster:**

• Check if they are registered with the Minnesota Department of Commerce or if they have any previous disciplinary action.
• Get a written contract that clearly identifies all fees.
• Decide if you think the assistance of an adjuster will help you recover enough to offset the fee.

**Avoid adjusters who:**

• Claim to be from a government agency.
- Insist their services are mandatory.
- Use high-pressure sales tactics.
- Refuse to provide a written contract.

If your claim is denied

First, review the terms of your insurance coverage. Policies are very specific and should indicate the specific perils covered. Be aware that even if fully insured for all perils, some losses may not be covered. Be sure to thoroughly review the claim exclusion portion of your policy to ensure the reason for your loss is not explicitly excluded from coverage.

If there is a disagreement about the claim settlement, ask the company for the specific language in the policy that is in question.

Do you and the insurance company interpret your policy differently? Ask for a written explanation detailing the reason for the denial and the specific policy language under which the claim is being denied.

Don’t Rush into a Settlement. If the first offer made by an insurance company does not meet your expectations, be prepared to negotiate to get a fair settlement.

Contact the Department of Commerce

If you cannot resolve the dispute to your satisfaction, you can contact the Minnesota Department of Commerce’s Consumer Services Center to ask questions or file a complaint. Center staff work to resolve disputes between consumers and the insurance industry informally. You can reach the Consumer Services Center by calling (651)-539-1600 or (800) 657-3602. In addition, you can file a complaint with the Department or email the Department at MA.Mailbox@state.mn.us.
City of Saint Paul Emergency Declaration

5-29-2020

WHEREAS, on May 25, 2020, a Minneapolis police officer killed George Floyd while he was handcuffed and in the custody of officers of the Minneapolis Police Department; and

WHEREAS, other Minneapolis police officers stood guard as witnesses begged the officers to provide life saving aid to George Floyd; and

WHEREAS, civil unrest has arisen in the Twin Cities metropolitan area since Mr. Floyd’s death; and

WHEREAS, the aforementioned civil unrest included mass protests in Minneapolis on May 26-28, 2020 which caused injuries, looting and the destruction of public and private property; and

WHEREAS, the aforementioned civil unrest, including looting and the destruction of property, has spread to Saint Paul as of May 28, 2020; and

WHEREAS, Minnesota Statute Section 12.29 and Saint Paul Legislative Code Chapter 13.06 (a) authorize the Mayor to declare a local emergency “when necessary to prevent or respond to emergencies;” and

WHEREAS, Governor Walz, in Executive Order 20-56, has declared a peacetime emergency in the City of Saint Paul as well as the City of Minneapolis and the “surrounding communities”; and

WHEREAS, Governor Walz, as part of Executive Order 20-56, has activated the National Guard to support in emergency operations and response; and

WHEREAS, the aforementioned civil unrest constitutes a local emergency as defined by Minnesota Statute Section 12.03, subd. 3 and Saint Paul Legislative Code 13.02; now,

THEREFORE, MAYOR MELVIN CARTER III, OF THE CITY OF SAINT PAUL DECLARES, REQUESTS, AND DIRECTS AS FOLLOWS:

1. Under the authority given in Minnesota Statutes 12.29 and Saint Paul Legislative Code 13.06, declares that a local emergency exists within Saint Paul, effective May 29, 2020, with all the powers and responsibilities attending thereto as provided by Minnesota Statute, Chapter 12, and Saint Paul Legislative Code, Chapter 13.

2. Directs City departments to review ordinance and regulatory requirements, operations, civil and legal proceedings, events, and resources that can and should be adjusted or suspended, or emergency regulations that should be enacted to support and protect the residents and visitors of Saint Paul and public and private property in Saint Paul.
3. Directs the Saint Paul Director of Emergency Management to request and coordinate appropriate aid and resources from surrounding jurisdictions, the Ramsey County Division of Emergency Management and Homeland Security, and the State of Minnesota, as needed.

4. Requests the City Council convene an emergency session at its earliest convenience to consent to this declaration. This state of local emergency may not be continued for a period in excess of three days except by or with the consent of the Council of the City of Saint Paul.

5. Orders that this declaration be given prompt and general publicity and that it be filed promptly by the City Clerk.

Dated this 29th day of May, 2020.

[Signature]

Melvin Carter III
Mayor of the City of Saint Paul
EMERGENCY EXECUTIVE ORDER 2020-11

I, Melvin Carter III, Mayor of the City of Saint Paul, on May 29, 2020, pursuant to Saint Paul Legislative Code Section 13.06, do hereby issue the following Executive Order:

On May 29, 2020, pursuant to Minn. Stat. § 12.29, I issued an Emergency Declaration, declaring a Peacetime Emergency due to the civil unrest occurring throughout Saint Paul.

Saint Paul Leg. Code Chapter 13.06(b) provides that, “whenever necessary to meet an emergency ... the mayor may by executive order promulgate regulations ... for which adequate regulations have not been adopted ... respecting ... the conduct of persons and the use of property during emergencies; the repair, maintenance and safeguarding of essential public services; emergency health, fire and safety regulations; and all other matters which are required to protect public safety, health and welfare in emergencies”.

On May 25, 2020, George Floyd died while in the custody of officers of the Minneapolis Police Department. Civil unrest has arisen in the Twin Cities metropolitan area since Mr. Floyd’s death. The civil unrest included mass protests in Minneapolis on May 26-28 which caused injuries, looting and the destruction of public and private property. The civil unrest, including looting and the destruction of property, has spread to Saint Paul as of May 28, 2020. The civil unrest constitutes a local emergency as defined by Minnesota Statute Section 12.03, subd. 3 and Saint Paul Legislative Code 13.02. A curfew is necessary in order to ensure the public safety of the people of Saint Paul.

On May 29, 2020, Governor Walz issued Executive Order 20-65 implementing a night time curfew in the cities of Saint Paul and Minneapolis.

NOW, THEREFORE, I, Melvin Carter III, Mayor of the City of Saint Paul, do hereby issue the following Emergency Executive Order:

1. **Night-time Curfew**: effective May 29, 2020, at 8:00 P.M. a curfew is imposed in all public places within the City of Saint Paul between the hours of 8:00 P.M. and 6:00 A.M.

2. **Travel Prohibited**. During the curfew, all persons must not travel on any public street or public place.

3. **Exemptions**. Fire, police, security, and medical personnel, as well as other personnel authorized by the Minnesota Department of Public Safety, Minnesota State Patrol, or Minnesota National Guard, are exempt from the curfew. Individuals seeking emergency care, fleeing danger, or experiencing homelessness are also exempt.

4. **Definitions**.
   a. For the purposes of this Executive Order, “travel” includes, without limitation, travel on foot, bicycle, skateboard, scooter, motorcycle, automobile, or public transit, or any other mode of transporting a person from one location to another.
b. For the purposes of this Executive Order, a “public place” is any place, whether on privately or publicly owned property, accessible to the general public, including but not limited to public streets and roads, alleys, highways, driveways, sidewalks, parks, vacant lots, and unsupervised property.

5. Enforcement.
   a. Pursuant to Minnesota Statutes 2019, section 12.45, an individual who willfully violates this Executive Order is guilty of a misdemeanor and upon conviction must be punished by a fine not to exceed $1,000 or by imprisonment for not more than 90 days.
   b. Any person who disobeys a lawful order of a regular member or auxiliary member of the police or fire departments enforcing this Executive Order or another person having a specific emergency management assignment and displaying their official identification enforcing this Executive Order shall be guilty of a misdemeanor pursuant to Saint Paul Legislative Code 13.13.

Pursuant to Chapter 13 of the Saint Paul Legislative Code, this Executive Order is in immediate effect upon my signature and, if not sooner rescinded or later extended, shall expire at 6:00 A.M. on May 31, 2020.

Signed: May 29, 2020

Mayor Melvin Carter III
Letter to the editor

A month and a half ago I came to St. Paul to shelter in place with my family here during the Covid19 health crisis. I was also here in the summer of 2016, when Philando Castile was murdered by a police officer, and I participated in peaceful protest movements in response to his killing. As a child I went to J.J. Hill School where Philando worked, I graduated from St. Paul Central High School. The pain in my community when Philando was killed was physically palpable. We were outraged that the societal epidemic of police killings of Black men and women had manifested in our community.

I was here again when the police officer who killed Philando was found not guilty of criminal charges. We had so many conversations about protesting in response to the outcome of that criminal trial—the process that was supposed to bring "justice" in the civil society definition of that term; but people were tired. So tired.

So I knew that when those four police officers murdered George Floyd last Monday the twin cities were going to experience an unprecedented outrage. I had so much fear about what that would mean for the Black and Brown communities, who are already disproportionately experiencing negative outcomes from the coronavirus and Covid19.

Now here we are, and the government entities in the Twin Cities and in the state are overwhelmed. In typical response, local and state governments are reaching for a militarized police response to stop the destructive outcomes of the protest activities.

Today government officials announced that they are mobilizing thousands & thousands of police and/or military to subdue and control the situation. We have discovered that many of the people who are doing damage to our communities are from out of state and some are known to be anarchists or white supremacists who are taking advantage of the pain and rage of Black and Brown communities to burn our communities. Government officials are using this fact as a justification for escalating a militaristic policing response.

But. If officials really wanted to demonstrate an understanding of the pain, rage, and sorrow in Black and Brown communities there are alternative uses of resources that could provide material and emotional support for those communities that would intentionally reject a police escalation.

What if, for example, instead of deploying a military or policing strategy the cities and state responded with some of the following measures:

1) Understanding the targeting of businesses like Target and Cub Foods by publicly acknowledging that people are experiencing financial crisis right now as a result of the health crisis and the loss of these businesses in vulnerable and under-resourced communities will exacerbate that suffering. Instead of sending in military or police, local and state governments could immediately set up substantial pop-up tent food pantries in vulnerable neighborhoods in Minneapolis and St. Paul with food and sanitary supplies (toilet paper, hand sanitizer, masks, soap, etc.). Anyone in these communities could visit and get access to these items.
2) Next to these pop-up food/supplies areas, set up an area with community activists asking community members to report anyone whom they have seen in the streets who is an outsider to the community suspected of being with anarchist or a white supremacist organizations who have infiltrated the protests and neighborhoods.

3) Also next to these pop-ups, set up an area staffed by non-police city officials who will take complaints from community members who have been assaulted or abused by police. Make a public commitment to create a comprehensive report from these complaints to be used by local and state councils and legislators to create meaningful legal and policy change, as well as a commitment to investigate individual complaints where appropriate. Many have talked about the need for a truth and reconciliation process during this crisis—the first part of that is truth.

4) Secure these areas with the National Guard, who will be there to ensure the safety of the pop-ups and the community members who visit them, but not to arrest anyone visiting the services offered.

5) City officials should also commit to beginning a process to create an emergency economic program that will provide funds for community based businesses, including non-profits, health centers, restaurants, and service businesses, that have sustained loss due to protesting. These community-based businesses should be assured that if they are uninsured or underinsured the cities will help to rebuild these businesses and make them whole.

While it is evident that there are outsiders in our cities that are taking advantage of our pain and rage to incite an unrelated riot and do further harm to our communities, it is not true that everyone in the streets of Minneapolis and St. Paul can be dismissed as “rabble-rousers” or “instigators”. It is a mistake to dismiss those engaged in protest rebellion in such a manner because it demonstrates a deep misunderstanding of the harm that regularly occurs in Black and Brown communities in the Twin Cities and across the country. Watching government officials focus on justifying the use of state resources to maintain and escalate militaristic policing in communities of color demonstrates to our communities that the state is engaged in a strategy based on controlling, not caring for, those communities of color.

Dr. Wendy Leo Moore is an Associate Professor of Sociology of Law at Texas A&M University and a graduate of the University of Minnesota Law School.
What businesses damaged in riots need to know about insurance claims — especially this year

By Patrick Rehkamp
— Staff writer, Minneapolis / St. Paul Business Journal
May 29, 2020, 1:52pm CDT
Updated May 29, 2020, 2:30pm CDT

Business owners across the Twin Cities today are surveying damage, boarding up windows and planning how to rebuild after three increasingly violent nights that left storefronts smashed or even burned to the ground.

They should also be looking into their insurance coverage — and quickly, experts said. Virtually all business and commercial property owners should have policies that cover riots, fire and civil unrest, and most residential and car policies cover these events too. But there are enough potential hurdles — especially with the uncertainty around the Covid-19 pandemic — that acting fast gives them the best chance of recouping losses.

First things to do:

Local attorneys who represent policy holders and insurance companies say the first thing impacted businesses and property owners need to do is pull their insurance documentation. Basic policy documentation typically contain directions for policy holders on what they need to do, yet many businesses don’t have the paperwork readily available, according to Chris Yetka, a shareholder with Larkin Hoffman who specializes in insurance recovery.

"A lot of businesses don’t have their policies on hand," he said. "Different policies have different language. ... There may not be coverage for theft, for example."

Yetka also said businesses need to reach out to their policy issuers as soon as possible. Most policies have a clause that states the policy holder must notify the insurance company in a timely manner in the event of a loss.

Documentation

For many businesses that were damaged or destroyed from the riots, documentation will be key, according to Dick Allyn, a partner with Robins Kaplan who’s represented policy holders and insurance companies. If it’s safe to do so, take pictures of the destruction to
show losses. Pull credit card statements to show inventory purchases. Payroll records, planning documents of the building and any video surveillance of the actual destruction will help.

And file a police report.

"It's a good idea," Allyn said. "You've got nothing to lose. When you come back a year from now and are arguing about what losses you've had it's a good way to corroborate."

**Hardest part will be income**

Most insurance policies for businesses will provide assistance for income loss. But many policies use the most recent months to calculate what to pay out in lost income, according to Yetka. Because of Covid-19 many businesses have been operating in a diminished capacity or closed altogether.

"That's going to be the trickiest thing," he said. "In a normal situation you'd go back and look at the last six months of income. I think there's going to be a lot of pushback on how to calculate income loss."

Yetka advises business owners to pull several years of income to show what business was like before Covid-19, which will show what income levels actually are when times were normal.

**What else businesses need to know**

Most policies have a two-year window from the date of loss in order to file a lawsuit. If a company is fighting with its insurance company on a claim, a lawsuit needs to be filed within two years of the incident.

Lastly, file a claim — even if you aren't sure you need one.

"Let's say you were next door to a building that was damaged and you don't think there was any damage," Yetka said. "Well, it turns out their sprinkler system went off [and your building was damaged.] ... If you didn't put your carrier on notice, the carrier is gonna say I'm not gonna provide [assistance.] Notice is really important."
FOR IMMEDIATE RELEASE... 5/30/20

Statement of Farhio Khalif
President of the St. Paul Branch of the NAACP

On the Killing of George Floyd by Minneapolis Police and Subsequent Civil Unrest

The senseless killing of George Floyd by four Minneapolis police officers made a mockery of the Minneapolis Police Department’s motto “To Protect With Courage, To Serve With Compassion.” Their actions were cowardly and inhumane and beyond comprehension. Each officer on the scene was complicit in a killing that should never have happened. But also complicit was the culture within the police department which makes it unsafe to be an African American in Minneapolis. The St. Paul Branch of the NAACP condemns the actions of these officers and demands that true justice be served in the investigation of this event and in the prosecution of the perpetrators. We also demand an evaluation of the practices, policies, and culture of the Minneapolis Police Department to determine what needs to change to prevent this kind of event from happening again. We also ask the St. Paul Police Department to do a similar review of their policies and practices.

The St. Paul Branch of the NAACP supports the protests that have occurred following the death of Mr. Floyd as a legitimate way of expressing the community’s sadness, anger, and frustration at the continued and systematic oppression of people of color in Minnesota and throughout our country. However, we condemn the violence that has occurred as part of these protests as a mockery of our long-standing efforts to create a peaceful society built on mutual respect, justice, and equality for all.

The St. Paul Branch of the NAACP also recognizes the current reality of what Frederick Douglas said over 130 years ago, “Where justice is denied, where poverty is enforced, where ignorance prevails, and where any one class is made to feel that society is an organized conspiracy to oppress, rob and degrade them, neither persons nor property will be safe.” Therefore, for the benefit of all Minnesotans the St. Paul Branch of the NAACP urges that state and local government officials and policy makers meet with leaders of the African American community and leaders from other minority communities to develop ways to reform and restructure our policies and systems so that everyone is treated with respect and dignity, and everyone has the opportunity to thrive.
Teams Meetings Quick Start Guide

If you've never used Teams before —
For City of Saint Paul employees. If you are not an employee, see page 2 to join without installing Teams.

Teams is installed on every City computer, but needs to be run once by the user to complete its setup.

1. Click the Windows Start menu
2. Type "Teams" (no quotes)
3. You should see Microsoft Teams come up in the search (figure 1).
4. Hit enter to run Teams.

![Image of Teams search result](image1)

Figure 1 Running Teams from the Windows Start Menu

If you can't find Teams —
Download the app from https://teams.microsoft.com/download. Be sure to run the app once after installing, logging in with your City account.

Joining a meeting in Teams

Click the link "Join Microsoft Teams Meeting" in the invite or email. You should get prompted to open the link in Microsoft Teams (see figure 2).

Teams should open ready for you to join the meeting. Before joining, you can turn on or off your mic and video. If using video, you can also select a different background. Note that your mic and video may be disabled by the presenters (they cannot turn your mic or video on, however). Click "Join now" to enter the meeting, or lobby.

Running the desktop client will give you the best and most complete experience with Teams.
Joining from the web (alternative to Teams client) –

If for any reason you cannot use the Teams client, you can also join from the web using either Chrome or Edge web browsers.

If using Chrome or Edge, simply follow the link in the invite or email. You will be directed toward downloading and installing the app, but you can click "Join on the web instead".

Microsoft Teams

Experience the best of Teams meetings with the desktop app

Download the Windows app  Join on the web instead

Already have the Teams app? Launch it now

Third-Party Disclosures

Note: older browsers, including Internet Explorer and Firefox, will only present the option to Download the Windows app, or Join in Microsoft Edge.

You will be asked to allow the browser access to your camera and microphone. You will need to allow access if you wish to participate by sharing video or audio.

If you were invited using a Microsoft account through work or school, it is preferred that you log in with that account. Otherwise, you can enter your name, and join as a guest.

Before joining, you can turn on or off your mic and video. If using video, you can also select a different background. Note that your mic and video may be disabled by the presenters (they cannot turn your mic or video on, however). Click "Join now" to enter the meeting, or lobby.
Meeting Controls
The meeting control task bar appears when you hover your mouse over the meeting. Presenters have control of who can speak or share video, but participants have final control over what they share.

The current meeting time is shown at the far left. If this meeting were being recorded, a red dot would appear by the time.

- Use the next icon to turn your camera on or off. If you are not a presenter, this may be disabled.

Clicking the microphone icon will mute or unmute your mic. Like the camera, this may be disabled by the presenter.

- To share content, such as your desktop, a window, or a presentation, click the Share button. Like the camera and microphone, the ability to share is controlled by the presenters.

Use the ellipse (…) to open the "More actions" menu. The items on the menu will differ, depending if you are a presenter or attendee (see next section).

- Enter / Exit full screen
- Turn off incoming video (useful for low-bandwidth areas)

For presenters, you can change your background from "Show background effects" to blur your existing background, or replace it with something more "fun".

The chat icon opens the chat in the right sidebar in Teams. The people icon next to it opens the participants list, also in the right sidebar. Lastly, use the red receiver icon to "hang up" and leave the meeting when done.

Presenters, Attendees, and Guests
There are three roles in a Teams meeting: presenters, attendees, and guests. How these three roles can interact is determined largely by the meeting options settings.

The presenters have control over the meeting. They can admit or remove attendees, allow or disallow attendees to share during the meeting. By default, anyone within our organization (The City of Saint Paul Microsoft 365 tenant) will be designated as a presenter. This can be changed in the meeting options. The meeting organizer is always a presenter.

An attendee is anyone who has been directly invited to the meeting through their Microsoft account.

A guest is anyone who joins from a link, or without logging into their Microsoft account. They will start in a virtual lobby, and must be admitted by one of the presenters.

In addition to the roles above, it is often useful to have one presenter serve as a facilitator. They would be responsible for managing guests entering the lobby, muting and unmuting attendees, and potentially removing unwanted attendees.
Yes sir

Chief – Update a few minutes ago fire Assistant Chief Matt Simpson called me and asked me to check on the status with the National Guard. Their request of support of National Guard is also attached to our request and not having them will greatly impact their ability to assist us in our overall operations. I inquired with LTC. Jon Dotterer with the guard on the request and was told they are not currently resourcing our request at this time as the resources are being deployed in MPLS. The National Guard has been very open in communicating with us. He did say he would do what he could after they staff what is needed in MPLS. He will keep me posted.

Subject: Re: National Guard Update

Julie – thank you for the update. This is absolutely unacceptable as we’ve been promised these resources yesterday morning. As you know, I have requested over 400 of our amazing National Guard members to assist us. We are now less than four hours away from our curfew and I still don’t have a visible national guard presence throughout our community and in our business districts which are most vulnerable. This is going to significantly impact our ability to keep our city safe. Please keep me posted. Thank you

rick.schute@ci.stpaul.mn.us

The City of Saint Paul has exhausted local resources and requests Minnesota National Guard & Mutual Aid Support to Saint Paul Police Department public safety enforcement amid the ongoing civil unrest in the City.

This request is in addition to the 30 X Soldier 24-hour security observation and gated parking lot access control mission taskings currently supporting the SPPD.

Saint Paul requests trained personnel and equipment from 3 pm on May 30, 2020 thru termination of civil unrest hours to perform the following mission taskings:

Mission Taskings (in priority):

1. (MNNG) 25 x Mobile Reconnaissance Teams (MRTs). MRT composition is 4 x Soldiers, organic transportation (1 x vehicle, HMMWV preferred), 1 x mobile phone. MRTs to conduct persistent mounted reconnaissance along key commercial corridors in the City of Saint Paul that SPPD is unable to maintain. MRTs provide overt visual presence, observe and report identification of peaceful and/or suspected unlawful civil unrest activity. MRTs may be requested to provide hasty Traffic Control Points. MRTs will stage out of SPPD Staging Area PSG or SPPD Staging Area Rowan.
2. (MNNG) 5 x Mobile Field Force Teams (MFF TM). MFF TM composition is 30 x Soldiers, organic leadership, organic transportation, 1 x mobile phone per 10-soldier squad, individual civil disturbance equipment, individual assigned weapon. MFF TMs will deploy ICW SPPD MFF to support civil disturbance response.

3. (Mutual Aid) 120 x Sworn Law Enforcement Officers. 120 x Sworn Law Enforcement Officers to perform MFF duties ICW SPPD MFF and SPPD Strike Teams. Prefer MFF organic equipment.

4. (MNNG) 10 x Fire Department Security Teams (FDST). FDST composition is 8 x Soldiers (w/riot shields if feasible), organic transportation (1 x mil vehicle minimum, 2 x military vehicles preferred), 1 x 800 MHZ. FDSTs will provide embedded fire-scene perimeter security to SPFD Task Forces (FTF) (1 x Chief, 3 x Engines, 1 x Latter). FDSTs will embed with FTFs at Fire Stations or remote staging area and travel with FTFs on calls for service. FDSTs will conduct battle hand-off with SPPD when required.

The overall POC for this mission is the on-duty SPPD Deputy Chief at the Saint Paul EOC (651) 266-5820.

Directors: Civil unrest has developed at multiple locations in the City. SPPD has deployed to respond to the Civil Unrest. No City of Saint Paul facilities have been specifically targeted. Several City businesses have been targeted with looting occurring. The center mass of the incident is in the Midway area along University Ave. The EOC is fully supporting the SPPD response and other supporting departments. The fluidity of the situation will challenge the EOC’s ability to provide Directors specific risk assessment at their facilities or whether departments should release staff. As you make your assessments, please keep EOC Main informed if and when you release your employees and close a facility.

Subject: Emergency Central Library Repairs

DM Tincher,

OFS-Real Estate staff have been working on estimates for emergency repairs to the roof and stone cornice at the Central Library. As you may know temporary scaffolding has been in place for several weeks to shore up the corners of the stone roof, and prevent additional pieces from falling off. Attached is a summary of the issue when it was first discovered in February.

We have estimates back and are recommending that we proceed with these emergency repairs. The cost is approximately $460,000. Library already has approved capital funding for some roof repairs scheduled for this year, and there is sufficient emergency contingency funding in the capital budget to deal with the remaining cost now. I’d like to start the budget amendment so we can get this work completed as soon as possible.

Please let me know if you approve.

Thanks,
John

<GLCL Emergency Report 2-17-20.pdf>
<image001.png>
<image002.jpg>
MN NATIONAL GUARD AND ASSISTING LAW ENFORCEMENT AGENCIES

Primary Mission to Assist the Saint Paul Police Department

Abstract

This document outlines the Saint Paul Police Department's need and primary mission for assistance from the MN National Guard and outside Law Enforcement Agencies to support our department in the enforcement of public safety amid ongoing civil unrest in the city.

Chief Todd Axtell, Saint Paul Police Department
Todd.D.Axtell@ci.stpaul.mn.us
Saint Paul Emergency Operations Center – 651-266-5820
Primary Missions for the MN National Guard and assisting outside Law Enforcement Agencies to assist the Saint Paul Police Department with our enforcement of public safety amid ongoing civil unrest are:

- Protect life
- Provide security and support the Fire Department and EMS who are vulnerable to assaultive behavior while responding to calls for service during these intense protests.
- Protect critical police department and city infrastructure
- Prevent fires where possible
- Prevent looting where possible
- Respond to city-wide calls for service dispatched by the Ramsey County Emergency Communications Center

The Saint Paul Police Department has limited resources. We are utilizing all our available resources, but do not have nearly enough resources to maintain the public safety the citizens of Saint Paul have come to expect from our department during this time of civil unrest in our city.

The Saint Paul Police Department is asking for 420 MN National Guard Soldiers and/or Sworn Law Enforcement Officers to assist with specific tasks related to promoting peace and maintaining public safety during this time of civil unrest. This additional 420 MN National Guard and/or Sworn Law Enforcement personnel are essential to the success of our mission.

Our top priorities are to protect life and secure property. The additional personnel will specifically assist with securing pre-determined critical infrastructure in the City of Saint Paul. The critical infrastructure includes but is not limited to our Saint Paul Police Department facilities. They will also play a key role in managing the large crowds that have been causing chaos and a great deal of destruction in our city and securing key corridors in critical areas throughout Saint Paul.

The additional personnel will be reporting to our Richard H. Rowan Public Safety Training Center located at 600 Lafayette Road, Saint Paul, MN 55130. Once there they will be deployed with Saint Paul Police Department personnel to ensure proper communication and direction throughout their deployment.

In addition to our request for 420 MN National Guard and/or Sworn Law Enforcement Officers we are requesting the following equipment supplies:

1. Munitions
   a. 400 Triple Chasers
   b. 200 CS Hand Tossed Non-Burning Munitions
   c. 400 – 40MM Marking Rounds
   d. 400 Impact/BIP Rounds
   e. 200 Mark 9 Rounds
   f. 200 OC Blast Balls
g. 200 Stinger Blast Balls
Robert Thomasser, Assistant Chief of Police

Staff Report

CN- 20-101-393
05/29/2020

• Staffing Update
  o Department completely mobilized
    ▪ Cancelled regular days off
    ▪ Canceled all vacation leave
    ▪ Diverted investigative and engagement resources to the front line
      (approximately 200 additional officers deployed on the street)
    ▪ Stood up the department’s MFF
      ▪ Approximately 100 officers
    ▪ TASS overtime code D00025, MFF

• Primary Missions
  o Protect life
  o Provide security and Support fire / ems who experienced assultive behavior and
    thrown objects
  o Protect critical police / city infrastructure
  o Stop looting where possible
  o Prevent fires where possible
  o Respond to city-wide calls for service received by the ECC

• Mutual Aid received
  o Assisted by the State of Minnesota – 80 DNR offices and state troopers
  o MPD CART team – 6 officers
  o Anoka County CART team – 6 officers
  o MN National Guard – 60 soldiers
    ▪ HQ - 12
    ▪ East Team – 6
    ▪ Rowan Center – 6
    ▪ Public Safety Garage – 6
    ▪ MN BCA – 30

Statistics and measurables

Thursday May 28 1200 hours to Friday May 29 0600 hours

• Arrests were made related to the event – 7. Five were booked and two juveniles (13 and 14)
  were released after arrest for burglary at Sun Foods on University. The ability to arrest
violators was significantly impacted by the need to support/protect our colleagues at the fire
department who were subjects of assaultive behavior. The protection of their lives was a higher
priority than making arrests and labor intensive.

- 911 Calls – will be emailed by 0830 to Steve Linders (estimate +5000)
- Fires – approximately 40
- Shots Fired Calls - 89
- Police incidents – 3982

Notable

- 724 Lexington – Homicide - adult male DOA GSW
  - Case Number - 20102149 / 0022
  - No arrest at the time of this report
  - THIS EVENT DOES NOT HAVE AN APPARENT CONNECTION TO THE CIVIL DISTURBANCE

- Midway Target, 1300 University
  - There were several attempts and a long standoff with looters at the Midway Target.
    Significant resources were expended to keep violators at bay and I am happy to report
    that the building has no interior damage or loss like other smaller locations in the
    Midway area. This was a moral victory for the department and those on the front-line.

RE: St Paul Public Library, EMERGENCY ACTION REQUIRED

Dear Barb,

We were able to mobilize and conduct our cornice review of the entire building today. Unfortunately, we discovered a very serious situation needing attention immediately.

The location originally in question (falling stone found on the ground) needs attention ASAP. We're recommending the installation of temporary full heigh scaffolding/shoring to help stabilize the corner in question. Please review the photographs and repair scope within.

Steps:
First: install temporary scaffolding/shoring, starting as soon as Wednesday of this week.
Second: prepare a complete observation report (with pricing) as planned, including necessary steps for corner rebuilding.
Third: if BRC is selected to make repairs, order stone for spring project and plan on mobilizing this summer.

Sincerely,

BUILDING RESTORATION CORPORATION

Erland Larsen, Project Manager
Temporary scaffolding/shoring required to support the large section of stone above.

Stone bracket failure via water infiltration has created a dangerous situation.

We’re recommending the installation of full height scaffolding/shoring as shown in this photo.

We can install white netting over the top of the temporary scaffolding until a full repair can be performed.

Additionally, we can hang custom signage on the netting to alert people to a future project.
This large section of stone is supported by these brackets below.

As you can see, on the South corner, the outermost bracket is severely cracked. The next adjacent bracket on the South side has already failed and fallen to the ground.

Bracket failure caused the large upper stone to shift, thusly causing this vertical joint to debond.

We left the mortar in the joint. As unlikely as it sounds, it’s helping keep this corner together.

This outer bracket is close to severing free and falling below.

Safety netting will not be adequate for this issue. If these other brackets fail, the netting will not be strong enough to keep this together.
The large upper stone originally had 5 total brackets supporting it.

2 of the brackets are missing and the outermost brackets are severely cracked.

This is a bad situation needing emergency shoring. The large upper stone weighs several hundred pounds.

Photo showing the missing bracket stone on the East side of the corner.

The adjacent outermost bracket is near failure.

These brackets actually run into the building and provide the support for the large upper stone segments.
This large stone needs emergency shoring until a complete restoration of this corner can be performed.

Once the temporary shoring is installed (via full height scaffolding), steps can then be taken toward a complete restoration project.

Complete restoration will likely require dismantling of the upper and lower gutter system, upper stone removal, new stone bracket fabrication and installation. Large upper stone removal and re-setting via crane from the street.

More information and pricing to be provided after temporary shoring is installed.

Mayor Melvin Carter
15 Kellogg Blvd. West
Saint Paul, MN 55102

Dear Mayor Carter:

Last evening many small businesses on the Eastside of Saint Paul suffered extensive damage due to the unrest caused by the murder of George Floyd. These small businesses, many family-owned by immigrants and people of color, were already suffering financially due to the recession induced by the COVID-19 pandemic.

We are requesting immediate assistance and financial aid to help these small businesses recover and rebuild. They provide jobs and are an anchor for the community. Without immediate help, we fear they will close, and it will take decades before our community will recover.

Sincerely,

Tim Mahoney

SUBJECT: Police Daily Briefing, 5-29-2020 to 5-30-2020

DATE: May 30, 2020

The following is a summary of criminal incidents which have occurred in the City of Saint Paul between May 29, 2020, and May 30, 2020. Each incident is being investigated and is protected by data privacy laws of the State of Minnesota.

**Incident: Possession of Burglary Tools**  
**Location: 1400 block of W. University**  
**CN: 20-103-066**  
**Time: 0310 hrs.**

West squads responded to a burglary in progress at a local business where the suspects were on video entering the business. Officers stopped two vehicles leaving the address and recovered items from the store and the tools used to break into the business. Five suspects were booked for possession of burglary tools. One was booked for possession of a handgun without a permit. This investigation is ongoing.

**Incident: Robbery- Aggravated Assault**  
**Location: Area of 4th and Gotzian Streets**  
**CN: 20-102-614**  
**Time: 1530 hrs.**

East officers responded to a shots fired call where the vehicle had been shot at 20 minutes prior. The victim stated he was driving home from work when he was being tailgated and pulled over to allow the vehicle to pass. The suspect exited the vehicle, pointed a handgun at him for several minutes, and then shot striking the hood of his vehicle. The bullet penetrated his hood and ricocheted up at him. Officers were unable to locate the casing, which caused damage to his hood and engine compartment. The victim did not know the suspects and drove a short distance away to hide from the suspects. The victim was afraid they would come looking for them. This investigation is ongoing.

**Incident: Burglary**  
**Location: 700 block of Grand Avenue**  
**CN: 20-102-804**  
**Time: 1937 hrs.**

West officers responded to a local business for a burglary in progress with three suspects on camera attempting to pry open the safe in the pharmacy. When the suspects exited the business, two suspects were taken into custody, and the third was located as he fled on foot. All three suspects were booked for burglary. This investigation is ongoing.

**Incident: Attempted Burglary**  
**Location: Area of 50 N. Snelling Avenue**  
**CN: 20-102-657**  
**Time: 1441 hrs.**
West officers responded to a burglary at a local business and the caller reported seeing a suspect on surveillance with two other suspects in the business. Officers ordered the suspects out of the business and later booked them for burglary. This investigation is ongoing.

**Incident: Burglary**
**Location:** 500 block of Vandalia Street
**Time:** 0857 hrs.
West officers responded to a local business on a burglary report. The business reported a loss of at least 90K in medical marijuana that was taken from the business. This investigation is ongoing.

**Incident: Aggravated Assault**
**Location:** 1600 block of Marion Avenue
**Time:** 1216 hrs.
Central district and downtown beat officers responded to multiple reports of shots being fired. A victim was located with gunshot wounds to his arms and both legs. The victim was transported to the hospital with non-life-threatening injuries. A group of the victim’s friends punched a possible suspect who was on the scene. Officers identified the punched individual who declined medics. This investigation is ongoing.

There was a total of 1 warrant arrest, 2 receiving stolen property arrest, 5 aggravated assault arrests, 14 burglary arrests, 5 possession of burglary tools arrests, 1 threats of violence arrest, 1 domestic assault arrest, 1 pickup and hold for robbery arrest, 1 domestic assault strangulation arrest, and 58 shots fired calls.

**Media:**

The City of Saint Paul has exhausted local resources and requests Minnesota National Guard & Mutual Aid Support to Saint Paul Police Department public safety enforcement amid the ongoing civil unrest in the City.

This request is in addition to the 30 X Soldier 24-hour security observation and gated parking lot access control mission taskings currently supporting the SPPD.

Saint Paul requests trained personnel and equipment from 3 pm on May 30, 2020 thru termination of civil unrest hours to perform the following mission taskings:

Mission Taskings (in priority):

1. (MNNG) 25 x Mobile Reconnaissance Teams (MRTs). MRT composition is 4 x Soldiers, organic transportation (1 x vehicle, HMMWV preferred), 1 x mobile phone. MRTs to conduct persistent mounted reconnaissance along key commercial corridors in the City of Saint Paul that SPPD is unable to maintain. MRTs provide overt visual presence, observe and report identification of peaceful and/or suspected unlawful civil unrest activity. MRTs may be requested to provide hasty Traffic Control Points. MRTs will stage out of SPPD Staging Area PSG or SPPD Staging Area Rowan.

2. (MNNG) 5 x Mobile Field Force Teams (MFF TM). MFF TM composition is 30 x Soldiers, organic leadership, organic transportation, 1 x mobile phone per 10-soldier squad, individual civil disturbance equipment, individual assigned weapon. MFF TMs will deploy ICW SPPD MFF to support civil disturbance response.

3. (Mutual Aid) 120 x Sworn Law Enforcement Officers. 120 x Sworn Law Enforcement Officers to perform MFF duties ICW SPPD MFF and SPPD Strike Teams. Prefer MFF organic equipment.

4. (MNNG) 10 x Fire Department Security Teams (FDST). FDST composition is 8 x Soldiers (w/riot shields if feasible), organic transportation (1 x mil vehicle minimum, 2 x military vehicles preferred), 1 x 800 MHZ. FDSTs will provide embedded fire-scene perimeter security to SPF Task Forces (FTF) (1 x Chief, 3 x Engines, 1 x Latter). FDSTs will embed with FTWs at Fire Stations or remote staging area and travel with FTWs on calls for service. FDSTs will conduct battle hand-off with SPPD when required.

The overall POC for this mission is the on-duty SPPD Deputy Chief at the Saint Paul EOC (651) 266-5820.
